

2026 LOOKBOOK

Corporate Gifting, Elevated

MADE FOR THE MOMENT
THE HOLIDAY GIFTING EDIT

The best gifts don't just arrive—they create a moment. They make someone feel seen, valued, and genuinely excited to receive them. That's why every detail matters, from quality products and retail-worthy packaging to a thoughtfully curated program built around your goals, your audience, and the experience you want to create.

With the right products, presentation, and strategy, you can turn branded merchandise into something more meaningful: a gifting experience that reflects your brand, delights your end users, and makes every moment feel intentional.

TRAVEL

TRAVELER 5.0

Complete mobile power has never been this functional. The Traveler 5.0 is a powerhouse of a charger at 10,000 mAh. Perhaps the best feature is the “grab-and-go” detachable wall adapter, which reduces the size by about 30% for easier transportation, and continued use as a wall socket for charging other USB-C devices.

This is the perfect addition to any traveler's must-have tech kit, complete with built-in wireless MagSafe Qi capable of charging compatible phones, Apple Watch, USB-C and Lightning cables. A battery window lets you know how much power you have at any time. The included travel pouch (optional decoration) with international adapters make this a robust addition to any gear bag.

EXPEDITION 5.0

The Expedition 5.0 is an international travel adapter featuring 3 AC sockets alongside multiple USB ports, including a powerful 45W USB-C fast-charging port, to power multiple devices simultaneously. Compatible with EU, AUS, and UK outlets, it includes dual built-in fuse protectors for safety, premium presentation gift box packaging, and customizable full-color logo printing.

CUBE QI PRO 2.0

The ultra-compact, collapsible 3-in-1 wireless charger simultaneously powers a phone, earbuds, and smartwatch—including both Apple and Samsung Galaxy models—down to a palm-sized footprint for travel. Ready to use right out of the box, it includes a 20W charging block and USB-C cable, and offers full-color digital print custom branding with optional pouch decoration.

ACETRACKER

The ultra-slim, credit-card-sized AceTracker is a wireless tracking card from Acehigh that integrates directly with Apple's "Find My" and Google's "Find Hub" networks to pinpoint items like wallets, bags, and backpacks. Each tracker is individually packed in a retail gift box and customizable with vibrant, full-color digital logo printing, with optional second-location decoration available for branding.

ACETAG 2.0

The AceTag 2.0 is a sleek, second-generation wireless tracker that uses Apple's "Find My" and Google's "Find Hub" networks to quickly locate items like keys, bags, and luggage from your phone. It includes a durable silicone keyring, individual retail gift packaging, and customizable full-color digital logo printing for promotional branding.

MAMMOTH 3.0

The Mammoth 3.0 is a 3rd-generation expandable travel backpack designed for modern explorers, featuring a dedicated water bottle holder, a quick-access pocket for phones and sunglasses, and a redesigned magnetic shoulder strap system for comfort. With an innovative zippered expansion system, the Mammoth can go from a 25L day pack to a 35L weekender bag seamlessly, with plenty of room for clothing and all your travel essentials. Built for global travel, it offers customizable branding options with full-color heat-transfer printing.

TRIPLO

Crafted from premium aluminum, this ultra-compact 3-in-1 folding wireless charger simultaneously powers your phone, earbuds, and watch in a sleek, space-saving design. It folds down flat into an included travel pouch for effortless packing and features customizable branding options to keep your logo powered up anywhere you travel.

PARIS

Offering 35L of sturdy packing space, the Paris duffle folds neatly into a compact pouch for easy storage when not in use. With multiple zippered compartments to keep essentials organized, this versatile bag highlights your brand on gym runs, weekend getaways, and travels alike.

VOYAGER (GAN)

Designed for globetrotters and adventure seekers, this compact universal travel adapter keeps you connected in over 230 countries and regions. Featuring ultra-fast 45W USB-C charging, it delivers powerful performance in a sleek, travel-friendly design, keeping your essentials charged wherever your adventures take you.

SKYLINK

Designed to connect wireless headphones to in-flight entertainment systems, this sleek audio transmitter delivers seamless, cord-free sound for frequent travelers. Compact and stylish, it packs easily into any carry-on, includes retail gift packaging, and showcases your brand in vibrant full-color digital print.

PHOENIX QI

The Phoenix Qi is a modern, 3-in-1 wireless charger designed to simultaneously charge an iPhone, Apple Watch, and wireless earbuds. Packed in a retail gift box, it includes a 20W charging block for immediate use and offers full-color custom branding with an optional second decoration location.

EXECUTIVE GIFTING

OXFORD

Featuring a dedicated 16" laptop compartment, multiple organizer pockets, and a built-in luggage strap, the Oxford backpack transitions effortlessly from office commutes to weekend travel. Complete with an individually packed woven drawstring bag for a luxury presentation, it showcases your brand on a classic leatherette patch with a crisp laser-etched finish. Available in two stylish colors; Cognac and Onyx.

LUMINOUS PRO 3.0

Powered by cutting-edge semi-solid-state battery technology, the Luminous Pro 3.0 is a 10,000 mAh power bank featuring MagSafe wireless charging, integrated USB-C and Lightning cables, an Apple Watch dock, and a built-in kickstand. Built for life on the move, it highlights your brand in high style with a bold and bright illuminated LED display.

GALAXY 2.0

Engineered with a high-capacity 20,000 mAh battery, the Galaxy 2.0 power bank features a 25-inch built-in retractable USB-C cable (45W Max), an extra USB-C port, and a USB-A port to charge laptops, phones, and accessories simultaneously. Complete with a real-time digital display monitor, it serves as the ultimate travel companion while offering premium customization options to showcase your brand.

Data Line

EVERYDAY ESSENTIALS

BLADE 2.0

Redesigned for daily commutes and weekend getaways, the Blade 2.0 is a second-generation backpack offering expanded carrying capacity, dual exterior pockets, and a trolley strap while maintaining its sleek, signature look. It is built to blend style and mobility, featuring a customizable full-color transfer area to showcase your logo.

MACH 6

Small enough to fit on a keyring, the Mach 6 is a 60W multi-cable that features both USB-C and Lightning connectors to charge laptops, phones, and tablets on the go. Built with durable aluminum and nylon braided housing for lasting performance, this versatile tech accessory offers a laser-engraved finish to showcase your brand.

JUPITER 4.0

Upgraded with semi-solid-state battery technology for enhanced safety, stability, and temperature control, the Jupiter 4.0 is a slim 5,000 mAh power bank featuring a built-in kickstand, real-time capacity display, Apple Watch charging, and an included USB-C lanyard. Designed for employee appreciation, client gifts, and onboarding kits, it leaves a lasting impression with custom full-color printing or laser-etched branding.

NOMAD

Built for any adventure, the Nomad tech bag features water-resistant fabric, a genuine leather strap, multiple zippered pockets, and a customizable Velcro base compartment. It provides effortless tech organization with custom branding available via a laser-engraved patch or full-color imprint.

TREK

Engineered to keep devices organized on global travels, the Trek tech bag features water-resistant fabric, a sealed zipper track, and a durable YKK® zipper. It delivers a lasting impression with customizable options for up to a full-color logo print.

MAGCUBE PRO 3.0

The Magcube Pro 3.0 is an ultra-compact 10,000 mAh power bank featuring MagSafe wireless charging, an Apple Watch charger, and built-in USB-C and Lightning cables. Designed to power multiple devices without cord clutter, its pocket-friendly silhouette and clean finish make it an ideal travel companion while keeping your brand front and center on every adventure.

CAPSULE

Compact and waterproof, the Tech Capsule organizer keeps cables, chargers, and accessories neatly secured in a palm-sized profile. Designed to slip seamlessly into any backpack or carry-on, it protects everyday tech essentials on the move while featuring customizable logo options to highlight your brand.

NEST QI

Crafted from premium materials, the Nest Qi tray organizes everyday essentials while wirelessly charging your phone, earbuds, and Apple Watch all in one sleek station. Its clean, modern aesthetic elevates any desk or nightstand, providing a luxury canvas for your logo that keeps your brand front and center every day.

RHYTHM

Delivering 16 Watts of audio output with IP67 waterproofing, the Rhythm wireless speaker is built for both outdoor parties and at-home enjoyment. Packed in a retail presentation box, it showcases your logo via a crisp laser-engraved finish accentuated by a full-surround RGB light display.

EAGLE PRO

Engineered for outdoor adventure, the Eagle Pro 20W speaker features ultra-strong magnets to snap securely onto golf carts and metal surfaces. Presented in a luxury gift box, it showcases your brand with dynamic RGB lighting and full-color digital print customization.

PLAY

CANYON

Made with rPET material from recycled plastic bottles, the Canyon Backpack highlights your brand's commitment to the environment while featuring a 15" laptop compartment, tablet sleeve, and multiple zippered pockets. It provides stylish eco-friendly organization and offers custom branding via a lasered patch with an optional custom-cut finish.

RHAPSODY

Delivering up to 50 hours of uninterrupted playback with active noise cancellation, the Rhapsody headphone features ultra-soft ear cushions and plush headband padding for all-day comfort. Ideal for corporate gifting and client appreciation, it comes packed in a premium presentation gift box with full-color logo customization.

TRIPLE BEATS

The Triple Beats gift set is an all-in-one audiophile collection featuring a high-performance wireless speaker, comfortable over-ear headphones, and sleek earbuds. Ideal for corporate gifting, this audio suite keeps your brand front and center with custom logo decoration available on each device. It offers the complete sound solution for music lovers on the go or at their desks.

MALIBU

The expandable Malibu roll-top backpack is designed for daily and weekend use, featuring a 16" laptop compartment accessible via a side zipper pocket alongside dual exterior water bottle and gear pockets. Built for comfort and functionality, it offers custom branding options to showcase your logo. Available in two stylish colors; Onyx and Sandstone.

ASCENT QI

Designed as a foldable, compact 3-in-1 charging solution, the Ascent Qi simultaneously powers a MagSafe phone, wireless earbuds, and Apple Watch to eliminate desktop clutter. It combines function and style with a built-in mood light and features a premium branding area for custom logo display.

GEMINI 3.0

Featuring an acrylic design with magnetic, hands-free snap-on charging, the Gemini 3.0 is a sleek wireless charger made for use at work or home. Designed for a premium presentation, it comes packaged in a signature gift box and offers custom branding with either a laser-etched finish or vibrant full-color imprint.

POWER MAT

The Power Mat features a detachable 3-in-1 wireless charging system, letting you charge your smartphone, Apple Watch, and wireless earbuds at the same time without the clutter of multiple charging cables. Crafted with a refined, high-quality finish, the generous desktop mat creates a smooth, protective surface for your keyboard, mouse, and everyday essentials.

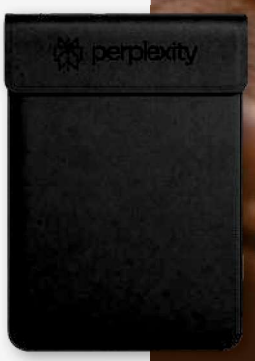

METRO

Lightweight and water-resistant, the Metro bag combines the protection of a laptop sleeve with the organization of a backpack. It features a padded laptop pocket, organized compartments, and a removable shoulder strap—giving your brand prime exposure on every commute.

SLIM PRO 2.0

Crafted from premium PU that showcases a sharp laser-etched logo, this slim laptop sleeve transforms into a functional desk mat with built-in 15W wireless charging. It protects your device on the move and turns any café or table into a fully powered workstation, delivering top-tier brand visibility wherever you work.

Red Rover

NOMAD BUNDLE

NOMAD

Built for any adventure, the Nomad tech bag features water-resistant fabric, a genuine leather strap, multiple zippered pockets, and a customizable Velcro base compartment. It provides effortless tech organization with custom branding available via a laser-engraved patch or full-color imprint.

JUPITER 4.0

Powered by semi-solid-state battery technology, the Jupiter 4.0 packs 5,000 mAh of power into a slim, quality metal frame with an integrated kickstand for effortless charging on the go. Designed for ultimate travel convenience, this multi-device charger features built-in Apple Watch charging wireless earbuds along with a USB-C cable/lanyard, offering premium corporate branding options to elevate your logo.

TRIO PRO

Multi-device wireless charging station designed to power your phone, earbuds, and smartwatch simultaneously. A perfect travel companion in a sleek hardshell case, or a mainstay at the home nightstand—the Trio Pro is the Acehigh patented charger that changed mobile charging forever. Available in two stylish colors; Onyx and Arctic White.

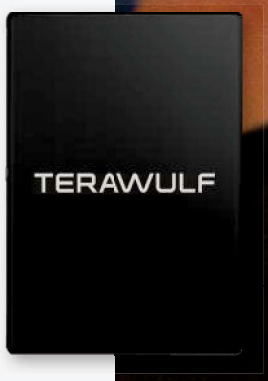

LAGUNA 1L OR 2L

Available in 1L or 2L sizes, the Laguna is a compact, water-resistant daily carry bag featuring RFID protection, multiple organized compartments, and an adjustable strap. Built for travel, events, or daily use. A lightweight and durable design with customizable branding options to showcase your logo.

JUPITER NANO

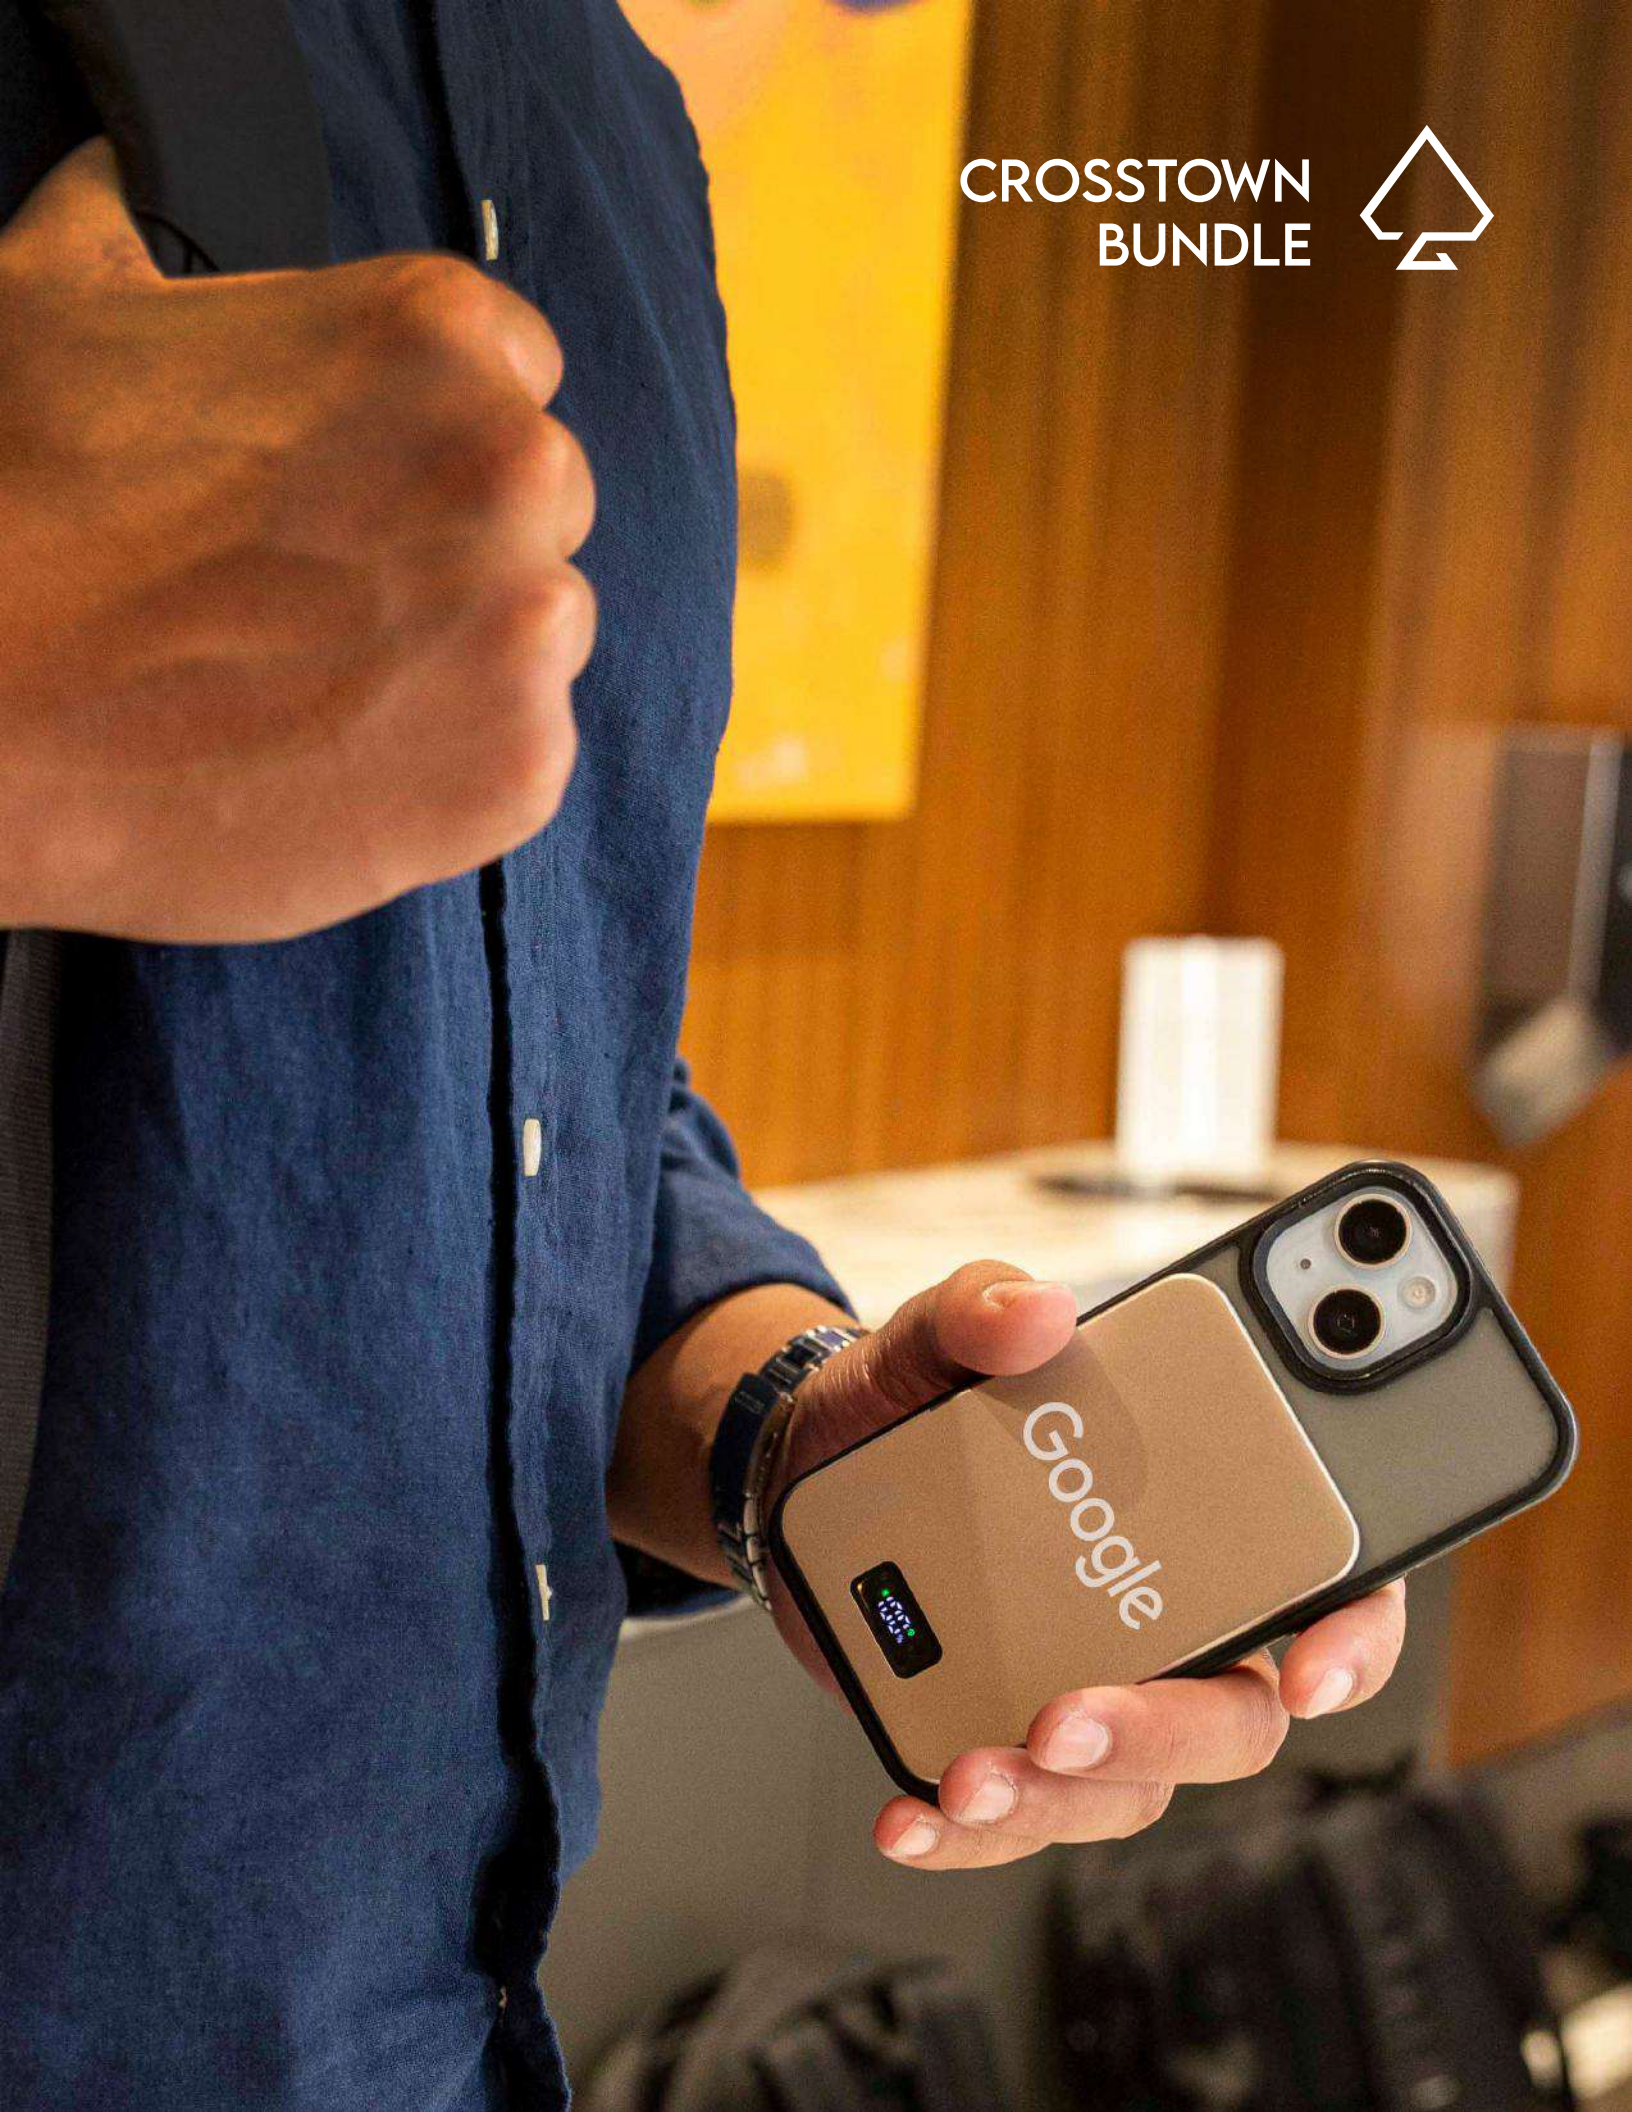

At only 5mm thick, the UltraSlim power bank is the world's thinnest magnetic emergency charger, designed to store and carry anywhere effortlessly. Packing a 2,000 mAh capacity to charge a phone up to 50%, this ultra-compact device keeps your tech powered while highlighting your brand with sleek custom logo decoration options.

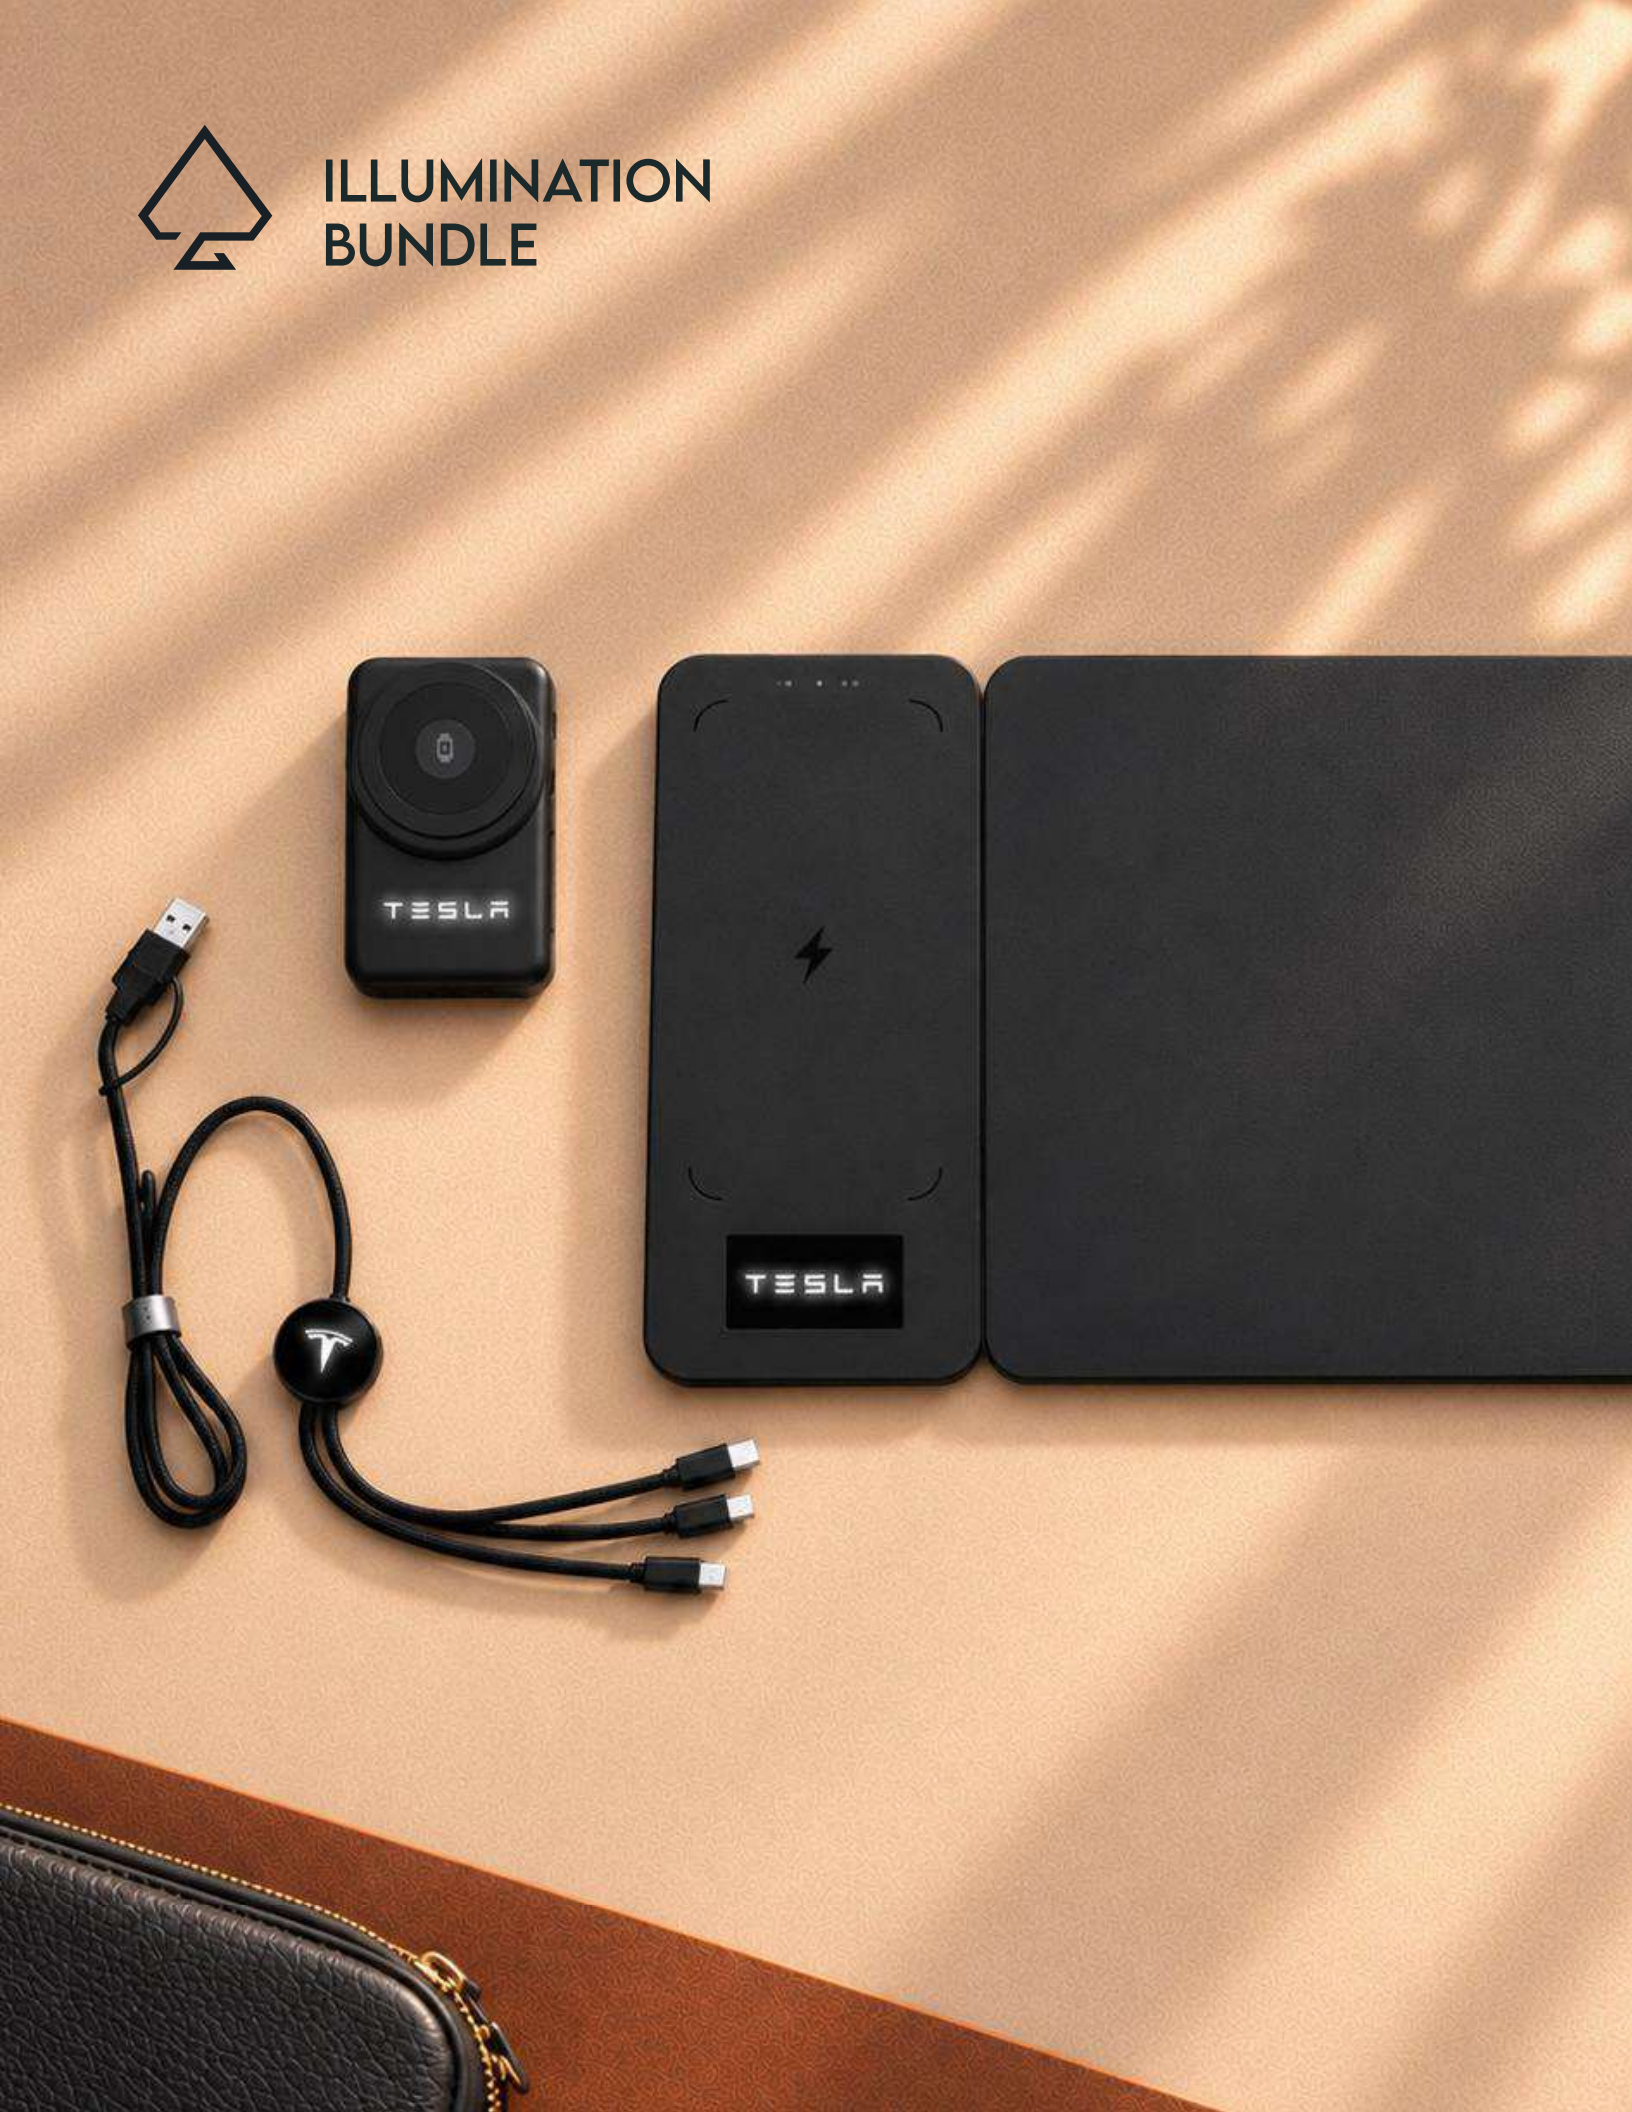

MACH 6

Small enough to fit on a keyring, the Mach 6 is a 60W multi-cable that features both USB-C and Lightning connectors to charge laptops, phones, and tablets on the go. Built with durable aluminum and nylon braided housing for lasting performance, this versatile tech accessory offers a laser-engraved finish to showcase your brand.
